Community leader announces bid for newly-drawn 30th State Senate District, brings real-world experience helping Wisconsin businesses solve problems and create jobs.

GREEN BAY, WI – Alongside local elected officials, supporters, and community members, Green Bay small business owner Jamie Wall announced his bid Wednesday for the newly-drawn 30th State Senate District.

“I’m proud to launch my campaign in the community I love,” said Wall. “I’m running because we deserve a State Senator who will fight for regular people, whether that’s by helping working families get by, protecting our public schools, defending access to reproductive healthcare, or fighting for clean water and clean air. By working together, we can build a better future for Brown County and Wisconsin as a whole.”
