***List includes a new Type 1 Juvenile Correctional Facility in Milwaukee County to get kids out of Lincoln Hills and Copper Lake and closer to home.***

---

MADISON — Gov. Tony Evers announced Wednesday that the Wisconsin State Building Commission approved a total of approximately \$28.3 million in key projects across the state.

“The projects approved by the Commission today are more than brick-and-mortar developments,” said Gov. Evers. “They are improvements to our state’s delivery of essential services, investments in renovations to serve the community, and advancements of Wisconsin’s social, cultural, and educational growth, which will only support our state’s continued success for years to come.

Included in the list of projects approved by the Commission today is the release of funding for the project development and design of a new Type 1 Juvenile Correctional Facility in Milwaukee County to continue progress towards repurposing Lincoln Hills and Copper Lake in accordance with 2017 Wisconsin Act 185.
