GREEN BAY - On Monday June 29, 2015, **Wendy Bushman** was awarded a Legislative Citation sponsored by Senator **Da**
ve Hansen
(D-Green Bay).

Wendy Bushman is one of the rare people in this world, that does everything conceivable for others first. Wendy has spent decades serving the communities in Brown County and continues to make a difference to this day, in the lives of so many.

Wendy understands that each person or family she serves is unique, both in family composition but also in life history. She takes the time to learn about each person to see the world through their eyes, and because of this approach she has built an immense amount of trust and respect from those she has helped to serve.

Wendy's tenderness, compassion, and kindheartedness make her special to Integrated Community Solutions and an asset beyond all others here in Brown County.

Wendy was hired July 13, 1977, (this July will be here 38th year). Wendy has held positions as a Client Services Technician, a Client Services Specialist, and most recently as a Housing Specialist.

Wendy has a Sociology degree from St Norbert College.
