On Monday, I testified before Senator Kathy Bernier's [Senate Committee on Elections, Election Process Reform, and Ethics](#) about a bunch of anti-voter bills that I go into here:

[A Barrage of Bad Election Bills](#)

And yesterday, my colleague Iuscely Flores wrote about some important pro-voter bills:

[Unlock The Vote to Eradicate Ages Old Jim Crow Legislation](#)

So I'm hoping you'll contact your legislators and urge them to **support the good bills to *Unlock the Vote*** and **oppose the barrage of bad ones**.

And also, please urge Gov. Evers to **veto any anti-voter bills** that land on his desk.

Go [here](#) for information on how to contact your legislator or the Governor.

Thanks for defending our freedom to vote!

Best,
