

Pathbreaking BadgerCare Public Option Bill Unveiled

MILWAUKEE - Public option, what? A sweeping BadgerCare Public Option Bill was announced this week in the Legislature, which does more than any bill introduced in over a decade to make health care more affordable and accessible in Wisconsin. We hit on the top details of the BadgerCare Public Option Bill and why it's so important that legislation like this gets a fair hearing. In the weird and dangerous news of the week, disgraced ex-judge Michael Gableman is back in our chatter-box telling an Assembly committee that he was joining the circus. Okay maybe not, but he did give a clownish performance that spewed anti-democracy propaganda and bizarre conspiracy theories. Will Gableman succeed in nullifying Biden's 2020 victory in Wisconsin and selling Donald Trump's Big Lie? We also cover the latest Marquette Law School Poll and wonder, despite the media hoopla, if we really learned anything all that valuable. We wrap it up this week with a quick yap about the stellar pick of Judge Ketanji Brown Jackson by President Biden for the US Supreme Court. Go Badgers!
