MILWAUKEE - We discuss growing tensions within the illegitimate Republican Legislature between the old Scott Walker and Trumpist factions. Speaker Vos finally testifies on Trump's efforts to overturn the Wisconsin 2020 election, becoming the last witness to be interviewed by the historic January 6th Committee. Meanwhile the Wisconsin Election Commission deadlocks and blocks (for now) MAGA Republican Representative Janel Brandtjen's scheme to acquire personal data of every Wisconsin voter. We talk about the entry of conservative celebrity judge Jennifer Dorow into the 2023 WI Supreme Court election – who surprisingly agrees with Mandela Barnes that Wisconsin's cash bail system is broken and not keeping us safe. Senator Baldwin successfully passes historic marriage equality legislation, achieving a huge progressive bipartisan win. We close by discussing the proposed Albertsons-Kroger grocery mega merger and the Biden Administration's intervention into a rail workers strike.
