

“Brewing up Democracy at State Supreme Court” Battleground Wisconsin Podcast

Written by Citizen Action of Wisconsin, Matt Brusky
Friday, 03 February 2023 12:13 -

MILWAUKEE - Robert is away from the show this week so we are joined by long time show producer, Brian Wooldridge, to get his perspective on producing over a decade of Battleground Wisconsin Podcasts. We discuss Citizen Action’s release of state survey data this week that found 59% of Wisconsinites experienced at least one health care affordability burden over the last year and 39% struggled to pay the resulting bills. This survey data makes clear the intense need to expand BadgerCare in the next State Budget. We welcome new Citizen Action Driftless Co-op organizer Kristie Tweed to introduce herself and invite listeners to the Driftless Co-op Meet and Greet on Feb. 15th at 5:30pm in La Crosse. We also speak with Pio from Delta Beer Lab in Madison to thank them for a major donation to our election work and to promote Delta Beer Lab’s monthly fundraising for groups, including the Wisconsin Conservation Voters in February.
