MILWAUKEE - We welcome Secretary of State Sarah Godlewski to discuss the functions of the SOS office, the MAGA Republican attacks on her appointment and the office. Are their smears another example of the fraying of democratic norms? We review Boss Vos' continued disingenuous and deceptive push for an Iowa-style redistricting scheme. What does this say about his threat to impeach Justice Janet? We discuss the historic UAW strike which came to Wisconsin this week as President Joe Biden took Priscilla's advice from last week's show, becoming the first President to join a union picket line. Is this fight a landmark in the fight to restore the right to form unions and the tattered American middle class?
