MADISON - Over the last couple weeks, the influence of the Koch Brothers and Wisconsin Manufacturers & Commerce (WMC) has been on display, if you were looking.

And we were looking!

First, we discovered that two senior officials at the Koch-funded Americans for Prosperity suddenly resigned to do campaign work for Michael Screnock, the Walker ally who is running for Wisconsin Supreme Court:

### [Court candidate hires former Koch group executives as campaign advisors](#)

Then we saw that Koch groups were the only ones that registered in favor of another bill that Walker just signed which will deregulate several occupations:

### [Walker approves Koch bills to loosen licensing](#)

WMC and the Kochs were behind yet another bill Walker just signed that'll let landowners do just about anything with their property, even if it wasn't zoned for such a purpose:

### [Walker signs lax land-use bill backed by big boys](#)

And WMC, along with a veritable polluters' lobby, is backing a bill to do away with Wisconsin's regulations that protect our clean air:

### [WMC behind Republican bill to repeal state air pollution rules](#)

This is why I say that the Koch Brothers and WMC are the folks that really run Wisconsin – not Walker or Fitzgerald or Vos. They're just the hired help.

You can count on us to keep showing you who the real powers are in Wisconsin – and what effect they are having on all of our lives!

Best,
