MILWAUKEE, WI - We discuss this week's impeachment news, including the storming of a closed hearing by right-wing Members of Congress. Foxconn announced this week that their highly touted "innovation centers" in Wisconsin cities will not happen any time soon.

Gov. Evers' special session on guns is immediately rejected by Sen. Fitzgerald and other Republicans, who plan not to hold any debate or hearings.

Also Chicago educators are on strike joining autoworkers in taking direct action against economic injustice, and yet another MU Law School poll is released, with interesting results. We also welcome Citizen Action co-op member and Eau Claire County Board Supervisor Zoe Roberts to discuss the Eau Claire City Council passage of a resolution officially recognizing November 14-20 as Transgender Awareness Week and November 20th as Transgender Day of Remembrance.
