

STATEWIDE - The GOP war on public health continues in Wisconsin with Republican legislative leaders appealing to the right-wing Wisconsin Supreme Court to overturn the Governor’s stay at home order and inciting dangerous protests at the state capitol scheduled for Friday. We welcome attorney Mark Thomsen, who specializes in medical malpractice and nursing home neglect, to discuss Speaker Vos’s repugnant amendment to COVID-19 relief legislation which makes it impossible to sue for any kind of nursing home abuse. We close with a look at this fall’s state legislative elections and why they are so important to the healthy and prosperity of Wisconsin.
