“Residents of Janesville got the opportunity to hear from Governor Tony Evers Thursday afternoon as the campaign trail comes to a close. Evers appeared at the UAW Local 95 and spoke about the improvements in education that Wisconsin has seen under his administration, including providing money for public schools, U-System and technical schools.”

About Governor Tony Evers

From his days as a public school science teacher to now as Governor, Tony Evers has worked to bring people together, instead of driving them apart. He cut income taxes by fifteen percent for most families and directed over a billion dollars to tens of thousands of small businesses and farms to prevent layoffs and create new jobs. Rather than focus on hot-button political issues meant to divide us, Evers will keep working to address the cost of living, get people back to work, and give our kids the education they need to thrive.
