MADISON - Early voting started yesterday across Wisconsin! It is important that we all get to the polls, so why not do so long before election day?

Voting is easy - just register, find your municipal clerk's office, and bring a photo ID!

Just a few tips and facts to make voting easier:

Dates: You can vote early between March 21 and April 1 (early voting is not available on Saturdays and Sundays)

Where to vote: Find your municipal clerk's office [here](#) to find hours and location and then head over to cast your ballot

Photo ID: This includes forms of government ID like driver's licenses or Veterans IDs. You can find all the accepted forms of ID [here](#)

We have an opportunity to begin putting Wisconsin back on the right path - and it starts right now!
