---

OSHKOSH, WI – Recently, State Senate Candidate and Winnebago County Executive Mark Harris received the endorsement of Russ Feingold.

“I am very honored to receive the endorsement of Russ Feingold, who is a well-respected legislator and a progressive champion,” said Harris in a statement. “Russ and I share the values of hard work, service, and integrity. We also care about many of the same issues, such as raising the minimum wage, improving access to clean drinking water, properly investing in infrastructure to provide the jobs we need, and giving every child the quality education they deserve. We are strongest when we stand together, and I am very honored to receive this endorsement.”

Feingold released the following statement on the endorsement:

“I am proud to endorse Mark Harris’s campaign for State Senate. As a local leader who has served the area for decades, Mark is a phenomenal candidate to represent the Fox Valley in the State Senate. We both share a commitment to Wisconsin’s future through increased investment in areas like public education and infrastructure. The 18th Senate District would be well served by having such a dedicated local leader in the State Senate.”
