Wisconsin ARA President and Senior Wisconsinite Slam Trump on the heels of 100,000 COVID-19 Deaths and the WEC Agreeing to Send Wisconsinites Absentee Ballot Request Forms

WISCONSIN - President of the Wisconsin Alliance of the Association of Retired Americans Gary Mitchell, and 79 year-old Christy Mouglin, slammed Trump's response to the COVID-19 pandemic as it has put older Wisconsinites and Americans in great danger, as well as emphasized the necessity for mail-in ballots. This comes on the heels of over 100,000 Americans perishing from COVID-19 and the Wisconsin Elections Commission, made up of three Democrats and three Republicans, tentatively agreeing to send Wisconsinites absentee ballot request forms.

Mitchell, a lung transplant recipient, helped his organization fight to have the witness signature requirement waived in the April 7th election. Mouglin and her husband, who is on oxygen, both tried voting in the April election but were unable to because their absentee ballots never arrived and it would have put their lives in grave danger had they gone to the polls to vote in person.
