

Donald Trump only cares about one person: himself, say DEMS.

WISCONSIN -- Ahead of Donald Trump's visit to La Crosse and Green Bay on Saturday, Democratic Party of Wisconsin Spokesperson Philip Shulman released the following statement:

"Whether it's trying to rip health care away from millions of people with pre-existing conditions or paying only $750 in federal income taxes while passing a tax bill that will ultimately raise taxes on working Wisconsinites, Donald Trump only cares about one person: himself. Nothing he says on Saturday will change the fact that Wisconsinites see Donald Trump for the chaotic and ineffective president that he has proven to be time and time again. Trump lied to us about his trade wars -- which ultimately crushed our farmers and manufacturers, ignored COVID-19 and pushed disinformation while over 200,000 Americans died, and continues to try to tear down our health care system with no replacement plan. Wisconsinites will hold Trump accountable on November 3rd when we vote him out of office."
