MILWAUKEE - Welcome to 2015 and the return of the conservative state legislature. Vos and Co. get busy with bills raising their per diems by 56%, setting time limits for legislative debate, removing Shirley Abrahamson as Chief Justice of the Supreme Court and more.

We review the latest on Walker's divinely inspired presidential run and his commitment to do nothing if Supreme Court takes Affordable Care Act subsidies away from over 150,000 Wisconsinites. Jen also provides us with an update on the Dontre Hamilton case and protest movement.
