

I Support Tammy Baldwin

Everywhere I go, people ask me, “Can Tammy Baldwin win Herb Kohl’s Senate seat?” The answer – with your help – Yes She Will !

I strongly support Tammy – she’s a hard worker, tough and cannot be bought. I had the honor of working with her and know she is always on our side.

Tammy has a steel spine, and even when the odds are against her, she never backs down.

She always stands up for working class families. No doubt about it, Tammy Baldwin is just like you and me.

She believes our children should be sent to school, not to unnecessary wars overseas.

Tammy believes health insurance companies should never again be allowed to discriminate against anyone because of pre-existing medical conditions. She gets it – too many of our jobs have been shipped overseas.

Tammy is just like us... and she will always protect your job and your family.

But she cannot help us unless we help her – right now.

Tammy needs your help to keep on fighting for everyone in Wisconsin. [Please volunteer your time and contribute to her election now.](#)
