

Republicans Pass Wetlands Destruction Bill

Posted on Feb 21, Posted by [Wisconsin Senate, Jay Wadd](#) Category [Wisconsin](#)

The assault on our quality of life continues with passage of a bill that will lead to more flooding and damage to homes and businesses.

MADISON - On a day that saw flood warnings for parts of Wisconsin, Senate Republicans passed a bill that will lead to more and more flooding and damage to homes and businesses resulting from the destruction of even more wetlands said Senator Dave Hansen (D-Green Bay).

“As we have seen with Hurricane Harvey in Houston, flooding due to the loss of wetlands can be catastrophic. Rather than learn from this tragic lesson, Senate Republicans have chosen to ignore it in the interest of serving their corporate donors,” said Hansen.
