***Governor's initiatives include investments to find community-based solutions, invest in small businesses, and bolster healthcare, education, and clean energy workforces.***

---

MADISON — Gov. Tony Evers, during his 2023 State of the State address, announced more than \$190 million in investments that will be included in his 2023-35 executive budget proposal to bolster Wisconsin's workforce, including the healthcare, education, and clean energy sectors, as well as his plan to continue investing in small business development across the state through the successful Main Street Bounceback Grant Program.

In his 2023 State of the State address delivered Tuesday night, Gov. Evers highlighted the importance of investing in small businesses and local workforce solutions to maintain the state's economic momentum, including bolstering healthcare and education workforces:
