The Office of Violence Prevention, Milwaukee’s Trauma Response Team and mental health professionals was in attendance to offer necessary resources and support to the loved ones of Ms. Jackson.

Sen. Lena Taylor released the following statement regarding Ms. Jackson’s passing:

“I had the opportunity to spend time with Ms. Jackson on Saturday for the Amani/Moody Park 3 vs 3 Tournament she helped organize and I can attest that Ms. Jackson was a bright light to everyone who knew her. Tay was a community activist and a natural leader who advocated against the exact type of violence that cut her life much too short. During this time of immense pain, we will keep Tay’s spirit alive by holding her loved ones up to God, coming together as a community and celebrating the life and achievements of this extraordinary young woman.

She had a positive vision not only for herself but for her community. She participated in a variety of community programs, including Skylight Music Theatre, Fresh Empire: Non-Smoking Campaign, COA, Program The Parks MKE and TRUE Skool. Tay was a talented rapper and vocalist who used her art to spread a message of love and light. Tay has been called home, but I know her spirit and the impact she had on our city will never be forgotten. Rest in Paradise Queen Quanita Tay Jackson!”

Thank you to the organizations sponsoring the vigil: COA Goldin Center, Park People Program Milwaukee Office of Violence Prevention, Residents of the Moody Park area and the entire community.
