Since 2019, Wisconsin has disbursed or committed nearly \$300 million towards expanding broadband, which is absolutely critical to business development and helping folks learn, work, and stay connected.

MADISON — Gov. Tony Evers today announced the [Governor's Task Force on Broadband Access](#) released its second annual report. Building on findings from the 2021 report, the 2022 report provides an update on efforts under Gov. Evers and the Evers Administration to expand access, adoption, and affordability of high-speed internet across the state and makes recommendations for the state to continue building on this progress.

Since Gov. Evers took office in 2019, Wisconsin has disbursed or committed nearly \$300 million towards expanding broadband, including \$105 million in federal funding directed by the governor. State and federal funds allocated under Gov. Evers for broadband grants have provided or will provide more than 387,000 homes and businesses access to new or improved services.
