Encourages all Wisconsin Democrats to come together now behind Lt. Governor Mandela Barnes to defeat Ron Johnson this November.

Milwaukee – Today, Alex Lasry endorsed Lieutenant Governor Mandela Barnes in the race for U.S. Senate.

“Since the first day that I got into this race, I’ve wanted to run a positive campaign and I am proud of the statewide campaign we built. But, it’s become clear in the last few weeks that Wisconsin voters have decided that they want Lt. Governor Mandela Barnes to be our Democratic nominee for US Senate. That’s why today I am ending my campaign and endorsing my friend, Mandela Barnes, to be the next great Senator from the State of Wisconsin,” said Alex Lasry. “I’m calling for all Wisconsin Democrats to come together now behind Mandela and make sure we have a laser focus on beating Ron Johnson and reelecting Governor Tony Evers this November.

“Ron Johnson is one of the greatest threats to our Democracy and it’s time that we unite around Lieutenant Governor Mandela Barnes to defeat him this November.”
