MILWAUKEE - We welcome Citizen Action’s endorsed candidate for State Treasurer, Angelito Tenorio, to talk about his grassroots campaign to win the primary election on August 9th. We discuss the huge news this week that Tom Nelson and Alex Lasry ended their campaigns for Senate and endorsed Mandela Barnes, leaving two viable candidates and a new dynamic to the race. In other huge news, is there really a Manchin deal on climate, health care, and corporate taxes which brings President Biden’s domestic agenda back from the dead? The new Inflation Reduction Act of 2022 may pass as early as next week. But is the national media right it is a done deal, or is the other obstructionist Sen. Kirsten Sinema waiting in the wings. Robert educates us on the significance of the Climate and Equity Resolution for the Milwaukee Public Schools.
