She has earned the respect of fellow judges, attorneys, and community leaders as fair, impartial, and as someone who has common sense,” **said former Justice Butler**. “With the threat of extreme partisan politics undermining the law, Judge Janet is the right candidate to deliver justice, integrity, and fairness to the Supreme Court.”

He understands the importance of an honest, fair, and impartial Supreme Court that upholds the law and protects our constitutional rights,” **said Judge Janet Protasiewicz**. “I’m proud to have earned the support of so many leaders who know that it’s time to bring common sense back to the court.”
